Exhibitor (\$200 +)

Name/logo and level recognition on:

Healthy Farms Conference Materials + Program

NSAS website

- One Exhibit Booth
- One Complimentary Registration

- One Annual Complimentary NSAS membership

Sustainable Education and Food Sponsor

Great for companies that want to support the quality development of the next generation

Youth Sessions (\$500)

Families are encouraged to attend the NSAS Conference each year and the kids have a blast getting together. During the conference we have activities for attendees youth to take part in. Everything from making pizza, to learning about soil health, to getting creative with colors. By sponsoring the youth sessions, you will help provide supplies for activities and your logo will be recognized next to youth sessions in the conference program.

Young Adult Scholarships (\$200)

You will provide opportunities for young adults (ages 16 - 24) to attend the conference and learn from the vast knowledge base in breakout sessions and get connected with farmers in the area. Your logo will be recognized as a scholarship provider in the event program.

Meals (\$250)

Food is what the conference is all about. We work closely with venue chefs to create dishes sourcing local ingredients, creating delicious meals. From the forks to the sizzle of a cooking flame, you will be sponsoring what brings us all together, a meal. Recognition made during meals.

Questions?

Please call Megan Jackson, NSAS Program Coordinator at (402) 235-6743 or send an email to ProgramCoordinator@SustainableNebraska.org.

Reserve your sponsorship

Please make checks payable to Nebraska Sustainable Agriculture Society and make a note on sponsorship level.
